REPORT ON CO-OPERATIVE ASSOCIATIONS

INTRODUCTORY REMARKS

In this, the Second Annual Report on Co-operative Associations in Canada, the classification of the societies has been arranged differently to that adopted for the previous report. It is believed that the present grouping will indicate more clearly the development of the various phases of the co-operative movement in the Dominion. Given first place in the list of associations is the name of the Co-operative Union of Canada, a Dominion-wide organization which was formed in 1909 with a view to federating co-operative bodies and to propagate co-operative principles, and with which 26 societies are now in affiliation.

PRODUCTIVE CO-OPERATIVES

The first group, which contains 70 associations, is classed as productive, the provinces with the larger number being British Columbia and Quebec. The largest membership was reported by the Saskatchewan Co-operative Creameries, which claims 40,000 members, the British Columbia Fruit Growers' Association being second with 2,630, and the Ontario Turnip Growers' Co-operative third with 1,200. The provinces represented in the productive group, with number of associations, are: British Columbia, 24; Quebec, 22; Saskatchewan, 7; Manitoba, 6; Ontario and Alberta, 4 each, and New Brunswick, 3.

MARKETING ASSOCIATIONS

Appearing first in the group under the heading of "Marketing" is the Canadian Co-operative Wheat Producers, Limited, which has a membership of over 140,000 comprised in the Manitoba, Saskatchewan, Alberta and Ontario Wheat Pools. The Alberta Pool was the first organized (1923), followed by Saskatchewan and Manitoba, the three pools in 1924 organizing the central selling agency under the above name with headquarters in Winnipeg. In 1927 the United Farmers' Co-operative Company, Limited (Ontario) established the Ontario Grain Pool as a unit of the company's business, the grain delivered by the members being sold by the Canadian Co-operative Wheat Producers. An iron-clad five-year contract, which has stood the test of the courts, and is legally enforceable, is an essential feature of the Pools. This contract binds the farmer to deliver during the term of the contract all the wheat grown by him except registered seed wheat. From the proceeds of the sale of wheat the pool may deduct one per cent of the gross selling price for a commercial reserve, and may deduct an additional two cents per bushel for the purchase of elevators and facilities for the handling of grain. In the Saskatchewan Wheat Pool there are really four units—(a) Saskatchewan Co-operative Wheat Producers, Limited, the parent body; (b) Saskatchewan Pool Elevators, Limited, a subsidiary company formed for the purpose of owning and operating country elevators, and which owns and operates approximately 1,000 country elevators in Saskatchewan and five terminal elevators in Port Arthur, Ont.; (c) Saskatchewan Pool Terminals, Limited, formed for the purpose of operating the terminal elevators, and (d) Saskatchewan Wheat Pool Construction Company, Limited, the latter having been recently organized for the purpose of constructing elevators and other grain handling facilities necessary to the proper conduct of the business. While the capitalization of Saskatchewan Co-operative Wheat Producers, Limited, is approximately $100,000, there is practically no relationship between the amount of capital and the actual business of the organization. Last year this organization marketed approximately $150,000,000 worth of grain, while the actual paid-up capital is limited to a one-dollar share per member.

Saskatchewan Pool Elevators, Limited, like the parent society, is a co-operative non-profit institution. A handling charge is set at the beginning of the season and at the end of the year the actual operating expenses, depreciations, etc., are determined. Provision is made for the payment of 6 per cent interest on the amount of the capital stock which is held by the Pool for the growers who contributed the elevator deductions. A satisfactory reserve is set up and the surplus is then treated as an excess elevator charge and returned pro rata to pool members on the basis of the number of bushels of grain delivered by

92699—2½

them to pool elevators. The 6 per cent interest paid by Pool elevators on its capital stock is paid out to the individual growers contributing elevator deductions. The surplus arising from the operation of Saskatchewan Pool Terminals, Limited, is added to the surplus of Saskatchewan Pool Elevators, Limited, in making the above distribution.

During the crop year 1927-28 the Wheat Pools of the three western provinces delivered to Canadian Co-operative Wheat Producers 209,871,373 bushels of wheat, or 52·6 per cent of the total inspections in the western inspection division. The wheat acreage now under contract, in round numbers, is 16,000,000, as compared with 15,000,000 in 1926, 14,000,000 in 1925, and 10,000,000 in 1924. The combined elevator and commercial reserves for the three western pools now total $21,307,500. The three pools operate 1,417 country elevators and eleven terminals with a total storage capacity exceeding 80,000,000 bushels. The Canadian Wheat Pool shipped grain to 20 countries last year, through 68 ports, exporting directly more than 115,000,000 bushels. The Pool's largest foreign customers were, in order named, Great Britain, Holland, Italy, Germany and the Orient, volume and export sales varying from 36,000,000 bushels to Great Britain to 4,000 bushels to Sicily. The Canadian Co-operative Wheat Producers, or Central Selling Agency, also sold 16,000,000 bushels of coarse grains in 1928. In addition to selling all the wheat and coarse grains delivered by Pool members in the prairie provinces the Central Selling Agency sells the grain delivered by the 12,500 members of the Ontario Pool, a unit of the United Farmers' Co-operative Company, which is referred to in a subsequent section of this report. For the western provinces there is the Canadian Poultry Pool, Limited, through which the products of the co-operative poultry societies of Manitoba, Saskatchewan, Alberta and British Columbia are marketed, and for the first three mentioned provinces there is the Central Live Stock Co-operative, Limited, which has 27,000 contract signers. The Canadian Co-operative Wool Growers, Limited, with affiliated associations in five provinces and wool collecting and grading stations from coast to coast has a membership of 10,000. The Quebec Federated Co-operative, with a membership of 10,000, embraces a large number of local associations whose members are interested in the marketing of cattle, sheep, swine, fish, poultry, eggs, etc., as well as in the distribution of commodities.

Of the 50 co-operative marketing associations in Ontario fifteen are interested in fruit and eleven in dairy products. The Ontario Fruit Growers' Association has the largest membership—1,071—the Ontario Honey Producers' Co-operative Company being next with 1,041 members. Among other Manitoba associations in the marketing group are the Manitoba Co-operative Poultry Marketing Association, Limited, and the Manitoba Pool Elevators, Limited, the last named with 10,743 members comprised in 152 local associations, being the agency between the Manitoba Wheat Pool and the local elevator organizations, handling and controlling the associations' business and turning over the grain to the provincial Wheat Pool. Manitoba also has an association of co-operative dairies as well as a co-operative for live stock producers, together with a large number of local live stock producers' associations, all being engaged in marketing the produce of their respective members. The largest Saskatchewan association in this group is the Saskatchewan Co-operative Poultry Producers, Limited, with a membership of 19,083. For Alberta there is an association of live stock producers with a membership of 16,000 and the Alberta Poultry Pool with 4,000 members. There are also in Alberta local co-operatives of live stock men, fishermen and dairymen. The majority of the co-operative marketing associations in British Columbia are composed of fruit and vegetable growers, one of these the Associated Growers of British Columbia, Limited, having a membership of 2,200. The British Columbia Egg and Poultry Co-operative Association has a membership of 1,500, and the Fraser Valley Milk Producers' Association with 2,793 members, has the largest membership of all of the British Columbia marketing associations. In all the marketing group contains 257 associations, divided by provinces as follows: Quebec, 60; Manitoba, 54; Ontario, 50; British Columbia, 43; Alberta, 29; Saskatchewan, 13; Maritime Provinces, 8.

PRODUCTIVE AND MARKETING

There are eleven societies which class themselvs as productive and marketing, the one having the greatest membership being the Central Alberta Dairy Producers' Association, which has, 1,625 members. Standing second is an Ontario society known as the International Co-operative Trading Company with 450 members. Seven of the associations in this group are in British Columbia, the provinces of New Brunswick, Quebec, Ontario and Alberta having one each.

DISTRIBUTIVE SOCIETIES

In the distributive group, which contains the names of 291 associations, will be found two Nova Scotia societies, one with 3,387 members and the other with 1,500. While some of the associations confine their business to a particular commodity, the bulk of them deal in general merchandise. By provinces the distributive associations are divided as follows: Saskatchewan, 109; Alberta, 55; Manitoba, 53; Ontario, 46; British Columbia, 23; Maritime Provinces, 3; and Quebec, 2.

MARKETING AND DISTRIBUTIVE

The name of the United Farmers' Co-operative Company, Limited, an Ontario organization, with 20,000 shareholders, appears first in the group classed as marketing and distributive. This co-operative has a capital of $335,000, and for the fiscal year had a turnover of about $20,000,000, the earnings, with undistributed surplus, being $314,276.62, slightly less than the total capital. Besides the produce handled for the members the company supplies all kinds of commodities to farmers. Another important body in this group is the United Grain Growers, Limited, with 35,000 shareholders grouped in 347 local associations, and an authorized capital of $5,000,000. The organization has a Dominion Government charter and has power *inter alia* to carry on the business of a farmer in all its branches, and also to conduct the business of a general storekeeper, both wholesale and retail. Of the sixteen associations in this group 7 are in British Columbia, 4 in Ontario, 2 each in Manitoba and Alberta, and 1 in Saskatchewan.

CO-OPERATIVE BANKS

Under the heading of "Credit and Savings" appears the Co-operative People's Banks (Caisses Populaires), a credit and savings movement which was founded in Quebec in 1901 by Commander Alphonse Desjardins, and which has developed until there are now 183 of such co-operative banking associations operating in the province. For the year 1927, the latest for which figures are available, the co-operative banks had 40,753 depositors and 11,754 borrowers; the number of loans granted was 16,832 and the total of such loans was $4,778,761, the profits realized being $537,294. This section also contains the name of the Alberta Provincial Association of Credit Societies, a body with 38 local societies identified with it, operating under the provisions of the Co-operative Credit Act of the province, and which, among other things, is designed to act as the intermediary between the members of affiliated societies and the department in charge of the act. Besides the two provinces above mentioned there are in Ontario three co-operative credit and savings societies.

MISCELLANEOUS ASSOCIATIONS

Besides the co-operatives whose names appear in preceding sections there are a large number which cannot be definitely classified, among which are a number of societies whose aim is to provide a meeting place for community purposes. The bulk of the associations in the miscellaneous group are operating in Saskatchewan, which province has 185 of the 286 whose names appear in this section, the remaining societies being divided provincially as follows: British Columbia, 37; Quebec and Alberta, 21 each; Manitoba, 13; Ontario, 8, and New Brunswick, 1.

NUMBER OF ASSOCIATIONS AND MEMBERSHIPS

A computation of the above figures shows that the report contains the names of 936 co-operative associations, nearly all of which made returns direct to the department; where no report was received, the figures supplied in 1928 as to membership have been used in the table appearing herewith. The 134 branches of the Manitoba Pool Elevators, the 34 branches of the Alberta Co-operative Live Stock Producers and the 28 branches of the British Columbia Certified Seed Potato Growers' Associations, which appeared in this report for 1928, are not included in the present volume, but the names of the main associations appear in their appropriate groups, the two first named under the heading of "Marketing" and the latter under "Productive". The following statement indicates the number of societies, provincially arranged, in each group into which the co-operatives are divided, together with the respective memberships, the grand total of which is 512,835.

DIRECTORY OF CO-OPERATIVE ASSOCIATIONS

As previously mentioned, the directory of co-operative associations appearing in the present report has been re-arranged, the societies being sub-divided according to their functions as follows: (1) Productive; (2) Marketing; (3) Productive and Marketing; (4) Distributive; (5) Marketing and Distributive; (6) Credit and Savings; and (7) Miscellaneous. The courtesy of the inspector of Co-operatives of Quebec, the Director of Co-operation and Markets Branch of the Department of Agriculture of Ontario, the Secretary of the Manitoba Co-operative Marketing Board, the Co-operation and Markets Commissioner of Saskatchewan, the Registrar of Companies of Alberta, and the Secretary of the Department of Agriculture of British Columbia in supplying lists of co-operative societies in their respective provinces assisted materially in the preparation of the report. The first society appearing in the appended list is the Co-operative Union of Canada, the remaining associations being sub-divided as above mentioned and are arranged in the main in provincial groups, proceeding from east to west. Where no report was received for 1929, the names and addresses of officers as supplied in 1928 are repeated.

MARKETING

Given first place in this group by reason of their importance are the Canadian Co-operative Wheat Producers, Limited, and the Wheat Pools, followed by three associations whose operations extend beyond the confines of any one province, the remaining co-operative marketing associations being provincially arranged.

Canadian Co-operative Wheat Producers, Limited—

Organized July 28, 1924. Number of members, 140,000 in three provincial wheat pools. This organization is the central selling agency of the Manitoba Co-operative Wheat Producers, Limited, the Saskatchewan Co-operative Wheat Producers, Limited, and the Alberta Wheat Pool, each of which is represented on the executive board, as well as for the Ontario Grain Pool, which, however, is not represented on the Central Board of Directors. These Wheat Pools are in themselves separate and autonomous associations, organized under provincial charter in their respective provinces, and are constituted on a strictly co-operative, non-profit basis. The proceeds received from the grain, minus the cost of selling, are returned to the primary producer. A small percentage is retained as a reserve fund, each farmer being credited with the amount deducted, on which interest is paid at the rate of six per cent per annum. It is claimed that the Western Canadian Wheat Pools is the world's largest wheat marketing organization. The chief objects of the Wheat Pools are: (1) to promote, foster and encourage the business of growing and marketing wheat co-operatively; (2) to eliminate speculation in wheat; (3) to stabilize the wheat market; (4) to improve in every legitimate way the interests of wheat growers.

Pres., A. J. McPhail, Pool Bldg., Regina, Sask. Gen. Mgr., E. B. Ramsay, Wheat Pool Bldg., Winnipeg, Man. Sec., E. Simon, Wheat Pool Bldg., Winnipeg, Man.

Maritime Co-operative Egg and Poultry Exchange (Interprovincial)—

Organized January 20, 1927. Number of members, 2,130 in 88 egg circles.

The first egg circle in Nova Scotia was formed in 1922, and the above organization was established in January, 1927, as a result of the federation of the various egg and poultry selling circles operating in both Nova Scotia and New Brunswick. For organization purposes these provinces are divided into six zones, each zone being represented on the board of directors of the central body by one director. The headquarters of the organization are at St. John, N.B., and there is a grading station at Truro, N.S.

Objects.—(1) To encourage economy in production; (2) to encourage the production of poultry and eggs of the type and quality suitable for the market; (3) to sell according to grade, and to market at the most profitable season of the year; (4) to store poultry and eggs when necessary to prevent demoralization of the local market, and to provide for market needs during seasons of short production.

Maritime United Farmers' Co-operative Company—

This body was organized and incorporated in 1918 for the purpose of the co-operative wholesale buying of seeds, fertilizers, feeds, etc., for its members; and also for the cheaper distribution of commodities to the public by the establishment of retail grocery and dry goods stores in 31 centres, 25 of which are still operating.

According to a statement furnished the Department, the promoters of this company found that it could not adequately function unless the form of organization was somewhat altered. Due to its original system (operating the whole organization under one charter) the manufacturers refused to give jobbers' prices on the commodities purchased. This was owing to the opposition of the retailers and wholesale houses in claiming that the association was a retail organization. Because of the situation thus created it was found necessary in 1922 to reorganize the company by getting a charter for each individual store unit and then organizing a buying agency, known as the Eastern Brokers, Limited, to act as a central purchasing body for the above-mentioned store units. The headquarters of the Eastern

Brokers, Limited, are at Fredericton, N.B., and the general manager is J. G. Kirkpatrick. The only company identified with the above agency from which a return was received was the Woodstock United Farmers' Co-operative, Limited.

MARKETING AND DISTRIBUTING

The following associations, two of which are very important societies, are classed as both marketing and distributive:

ONTARIO

The United Farmers' Co-operative Company, Limited—

Organized February 17, 1914. Number of members, approximately 20,000 shareholders.

The annual reports and statements for the year ended September 30, 1928, presented at the annual meeting of shareholders in Toronto on December 4, 1928, showed that on a capital of $335,000 the earnings for the year were about 17¾ per cent on this capital. After paying 50 cents a share as dividend to stockholders the company is well entrenched with reserves, is prospering in practically all of the varied units of service offered to Ontario farmers in supplying their needs and in marketing their products. With a turnover of about $20,000,000 for the year the earnings, with undistributed surplus, were $314,276.62, indicating that total earnings were slightly less than the total capital. In addition to the commodious headquarters for head office staff and the Toronto Creamery Branch at the corner of Duke and George streets in Toronto, the company has a seed warehouse in Toronto, and creameries at Wingham, Guelph, Galt, Arnprior, Renfrew and Cobden. Produce and eggs are handled at Wingham as well as at a branch office in Montreal. Live Stock Commission Departments are operated at the Union Stock Yards in West Toronto and at the Stock Yards in Montreal. At the seven creameries mentioned, about one-tenth of Ontario butter for the season was made. Patrons received cash payments on their cream twice a month throughout the year, and dividends were distributed twice in the year totalling almost $175,000. The volume of live stock handled at West Toronto amounted to 7,107 carloads with a money value of $10,886,984, while the handling at Montreal added almost another million. Poultry and eggs are handled on consignment at Toronto, Wingham and Montreal, and the egg pool is put into operation each spring when production is heavy. Eggs sent to the Pool are graded as they arrive, only extras and firsts being put into storage for pooling. On these a payment of 20 cents a dozen is remitted promptly, while those not fit for storage are sold outright and the proceeds sent forward immediately. A final distribution is made from the proceeds of pool egg sales in the fall or early winter when the eggs are disposed of. A Farm Products Department is maintained to assist producers in the disposal of potatoes, turnips, hay and straw. Consigned cars of these products are handled on a commission basis, and it was stated that groups in several counties are contemplating local organization on a basis that will allow this department to handle all their crop each year. In 1927 the Ontario Grain Pool was organized as another unit of the Company's activities for the purpose of marketing the grain of the Province in an orderly manner, to stabilize prices on a reasonable level and return to growers all the returns over and above the actual cost of handling. There are over 2,500 members signed up for five years and contracts were made with mills and elevators in the organized territory to handle grain for members at a fixed charge per bushel, the charge varying with the kind of grain and the service rendered. An initial payment is made as the pool member delivers his grain, with an interim payment in the spring and final settlement as promptly as possible after the close of each pool year on May 31. All kinds of commodities are supplied to farmers, but the company directs its energies chiefly to the handling of such goods as are required in volume by all farmers each year. An extensive business is done in fencing, binder twine, building materials, flour and feed, fertilizer, salt, coal and coke, cedar fence posts, field and root seeds and grasses and clovers.

CREDIT AND SAVINGS

QUEBEC

Co-operative People's Banks (Caisses Populaires)—

This co-operative credit and savings movement was founded in the province of Quebec by Commander Alphonse Desjardins, who, after many years' study of the subject, decided, with the co-operation of a few friends, to establish in Levis a co-operative bank, known as the People's Bank of Levis (La Caisse Populaire de Levis), which commenced to function in January, 1901. With the success of this bank the movement developed until there are now 183 such co-operative banking associations operating in the province under the Quebec Co-operative Syndicate Act, with a membership of approximately 41,000. As yet there is no official central organization. Rev. J. R. Trudel, of St. Marc de Shawinigan, is in charge of the general direction of the movement, Rev. P. Grondin, Levis College, Levis, being its propagandist.

The province is divided into regional districts, each with its own president and secretary, these, together with the number of co-operative banks in each region, being as follows:—

Montreal District.—Organized, June 27, 1924. Number of co-operatives, 31. Pres., H. Blain, 1914 Clarke St., Montreal. Sec., G. Tremblay, 7250 St. Denis St., Montreal.

Quebec District.—Pres., C. Vaillancourt, Department of Agriculture, Quebec. Sec., J. E. Turrnel, 36 Shaw St., Levis.

ALBERTA

Alberta Provincial Association of Co-operative Credit Societies—
Organized June 13, 1923, by representatives of the various Co-operative Credit Societies located in the province and operating under the Alberta Co-operative Credit Act.
Number of members, 38 societies.
Objects.—Among the objects of the organization are: (1) To assist in co-ordinating the activities of the various societies throughout the province, and to assist them in procuring short term loans at the cheapest possible rate consistent with safety; (2) to act as intermediary between the members of societies and the Department in charge of the Act; also to be the intermediary between the members of societies and organized creditors;

(3) to protect the various guarantors under the Act against possibility of loss and to eventually dispense with all liability under such guarantee; (4) to assist the government in providing adequate supervision so that loans made through the various societies shall be confined as nearly as possible to the actual requirements of the borrower so that he may continue in operation to the benefit of his previously interested creditors and at the same time receive sufficient credit.

Pres., J. S. Smith, Cardston, Alta. Sec., James Glen, Alsask, Sask.

MISCELLANEOUS

In addition to the co-operative societies which are grouped in preceding sections, there are a considerable number which cannot be definitely classified. Their names are accordingly placed in this section, together with those of a number of societies whose aim is to provide a meeting place for community purposes. The arrangement of names of associations is similar to that in previous sections.

SUMMARY OF BUSINESS TRANSACTED

Of the 936 co-operatives whose names are printed in the report 418 furnished returns of their financial standing, sales, etc. Figures for the year 1928 for the associations in the productive group show that the heaviest sales were made by the Saskatchewan Co-operative Creameries, Limited, which body reported transactions amounting to $4,916,111.17. The next highest sales were made by the Salmon Arm Farmers' Exchange, a British Columbia Society, the figures being $416,434.83, and standing third is the Farmers' Co-operative Creamery Company, Limited, of New Brunswick, with sales amounting to $132,389.91.

In the marketing group the Canadian Co-operative Wheat Producers, which as previously mentioned, is the selling agency of the wheat pools of the three prairie provinces, had sales amounting to $323,847,282.41, of which the Saskatchewan Pool was responsible for $200,000,000 and the Albert Pool for $83,356,816.85. Figures for the Manitoba and Ontario Wheat Pools were not supplied. The Quebec Federated Co-operative reported sales of $10,049,437.17. Heavy sales were made by some of the live stock marketing co-operatives, the transactions of the Alberta Co-operative Livestock Producers amounting to $5,330,375.93; the similar society for Saskatchewan is second with sales of $4,917,712.50 and the Central Livestock Co-operative, operating in Manitoba, Saskatchewan and Alberta, had transactions totalling $3,063,702. The Fraser Valley Milk Producers' Association of British Columbia had sales of $3,977,394.95 and the Associated Growers of British Columbia reported $3,833,619.76. One of the Ontario associations, viz., the United Dairymen's Co-operative Limited, also had sales well over the three million dollar mark, the exact figures being $3,520,574.37. The Canadian Co-operative Wool Growers, Limited, with its five affiliated associations, reported sales of $1,199,999.17.

In the productive and marketing section the society with the largest sales was the Central Alberta Dairy Producers' Association, which reported transactions of $360,307; the Comox Creamery Association, of British Columbia, being second with sales amounting to $328,154.58 and the International Co-operative Trading Company, of Port Arthur, Ont., third with $286,834.88.

A Nova Scotia association, the British Canadian Co-operative Society of Sydney Mines, one of the coal areas of the province, reported the heaviest sales in the distributive group, having sold merchandise aggregating $1,717,542. Next is the Workers' Co-operative of New Ontario, with sales of $437,243.41. The Melfort Grain Growers' Co-operative Association of Saskatchewan had sales of $235,314.60; the Wetaskiwin U.F.A. Co-operative Association of $214,000 and the Woodstock United Farmers' Co-operative, which is identified with the Maritime United Farmers' Co-operative Company, of $203,663.02.

The United Farmers' Co-operative Company, Limited, an Ontario body, tops the list of the associations in the marketing and distributive group with sales of $20,000,000, the United Grain Growers, Limited, whose head office is in Winnipeg, comes second with transactions amounting to $2,751,307, the Fraser Valley-Surrey Farmers' Co-operative Association of British Columbia being third with sales of $416,314.

The receipts of the co-operative people's banks in the province of Quebec for 1927, the latest year for which complete figures are available, including the balance on hand, which was $1,116,647.26, were (1) capital stock (subscribed and paid), $166,287.86; (2) savings (deposits), $13,408,563.28; (3) loans refunded, $3,624,570.58; (4) profits, $565,474.26; (5) sundries, $56,016.33; making a total of $18,937,559.57. The disbursements were (1) capital stock (returned to depositors), $88,356.09; (2) savings returned to depositors, $12,311,982.11; (3) loans and investments, $4,778,761.68; (4) general expenses, $189,019.88; (5) dividends, $94,136.21; (6) interest on savings, $252,183.10; leaving a balance of cash on hand of $1,223,120.50.

In the miscellaneous group the highest sales were reported by Lloydminster Co-operative Association, Limited, of Saskatchewan, the proceeds being $448,605.60; Cowichan Creamery Association of British Columbia comes next with sales of $422,500, the Co-operative Agriculture Association of the Yamaska Valley (tobacco growers) is third with sales amounting to $220,000, and the Pincher Creek Co-operative Association fourth with transactions totalling $215,294.44.

The table following, which is arranged in the same manner as the directory of co-operative associations, shows (1) the names of the associations, (2) paid-up capital, (3) assets, (4) sales of past year, (5) general liabilities, (6) profit or surplus, (7) loss, (8) reserve, and (9) unapportioned profits:

Retired with a Comfortable Income

You, too, can enjoy the comforts of a prosperous old age by providing for it NOW while your earning power is high. You need not knuckle under to anybody — with an Annuity income to provide for all your wants and pleasures.

Annuities may be bought by any man or woman in any amount from $10 to $5000, for a lump sum or in small, convenient payments. They are tax-free and cannot be forfeited, stolen or seized by any process of law. Backed by the resources of the entire Dominion, a Government Annuity is the safest investment you can make, and a sure safeguard against penury and distress in old age.
